

Viva Cream is a stimulating cream created to work for women of all ages.

Adding pleasure, increased desire, enhancing the female orgasm!

Viva Cream is an exhilarating clitoral gel formulated specifically for women to stimulate arousal, intensify sensations, and provide exhilarating waves of tingling, cooling and warming pleasure. It begins with a cooling sensation and ends with a warming tingle. It contains L-citrulline which assists blood flow to the clitoris. Niacin aids with both the blood flow and the warming. **Viva Cream's** unique formula gives pleasure on contact!

- Light mint flavor
- Cooling, warming and tingling sensations form a perfect arousal wave
- Toy compatible
- Formulated to promote women's sexual health

Available in 10ml and 2oz

Swiss Navy® Viva Cream was developed by women for women, and can enrich your sex life as never thought possible. In just minutes this completely safe, non-sticky gel can create sensitivity and heightened desires that should result in a climax. Many women who have never been able to achieve an orgasm have discovered how the application of a few drops of Viva Cream can make a difference in their sex lives.

Studies show that up to 50% of all women will experience a sexual dysfunction in their life and that the majority of women do not achieve orgasm from intercourse. If an orgasm is achieved, it is most often due to clitoral stimulation. For many others, an orgasm has never been experienced. The usage of Viva Cream can change this quickly and safely. Each ingredient in Viva Cream has been chosen due to the stimulating effect that it has on sensitive tissues of the clitoris.
